**Subject:** RE: DPH Inspection  
**Attachments:** 451-17(1)-Suffolk-Boston-HOC-POC 5-19-17.pdf

I have searched all of our records and I have not received a plan of correction for the HOC dated June 2, 2017. The only one I have received was dated May 22, 2017 and I have attached a copy.

It sounds like it may have gotten lost in the mail, could you send me another copy?

Hello John,

Which facility are you referring to? I have attached my last correspondence for both the Jail and HOC. I do not have any items dated June 2, 2017 from either facilities. The most recent plan of correction I have received is a plan of correction dated June 12, 2017 for the Jail and my response is attached titled 451-17(1)-Suffolk-Boston-Jail-POC-Reply 6-22-17.

The Department has accepted the Jail's plan of correction but is still waiting for the corrective actions and estimated dates of completion for some items within the House of Correction's plan of correction. If this is the document you are referring to that is dated June 2, 2017, I did not receive it. But if you could send me another copy, I would be happy to review it and send the Department's response.

Please let me know if these documents are what you are looking for or if you need additional information.

Thanks,  
Kerry

Good morning Kerry

Kerry, I was wondering if you received our last response to the March/April inspection. The newest response is date June 02, 2017. There were a couple of items that didn't have completion dates on them. This one dated has all of the expected completion dates on it. If you do have it could you send in a receipt acknowledging this. We need it for our DOC audit. Thank you for your consideration in this matter. Please feel free to contact me if you any questions or concerns.

Sincerely,

**John Fallon**
